## **PRESS RELEASE**

### **Greenleaf Envirotech Ltd. Launches ESG Consulting Services on World Environment Day**

Surat, June 5, 2026: Greenleaf Envirotech Ltd. is proud to announce the launch of its ESG (Environmental, Social & Governance) Consulting Services, a strategic new initiative aimed at helping businesses embrace sustainability, strengthen governance practices, and create long-term value for all stakeholders.

The launch on World Environment Day reflects Greenleaf's belief that sustainable growth and business success go hand in hand. As companies across industries face growing expectations from investors, regulators, customers, and communities, ESG has become an essential part of building resilient and future-ready organizations.

Drawing on its experience in environmental solutions and sustainability-focused initiatives, Greenleaf's ESG Consulting division will support organizations in developing practical, measurable, and impactful ESG strategies. The company will work closely with businesses to help them identify opportunities, manage sustainability-related risks, improve transparency, and align their operations with evolving global ESG standards.

The services offered under the ESG Consulting vertical include:

- ESG Strategy & Framework Development
- Sustainability & ESG Reporting Support
- Stakeholder Engagement Strategy
- ESG Readiness Assessment
- ESG Communication & Positioning
- Long-Term Responsible Growth Planning

#### **Speaking on the occasion, the management of Greenleaf Envirotech Ltd. said:**

“Businesses today are operating in a rapidly changing environment where sustainability is no longer just a compliance requirement - it is a key driver of long-term growth and competitiveness. Through our ESG Consulting Services, we aim to partner with organizations on their sustainability journey, helping them build strong ESG foundations, strengthen stakeholder trust, and create meaningful impact for society and the environment.”

The company believes that organizations that proactively adopt ESG principles are better positioned to attract investment, improve operational efficiency, strengthen brand reputation, and deliver sustainable value over the long term. Greenleaf's consulting approach will focus on translating ESG ambitions into practical actions and measurable outcomes that support both business objectives and environmental responsibility.

The launch of ESG Consulting Services marks another important step in Greenleaf's broader vision of contributing to a cleaner, greener, and more sustainable future. By combining
